

Press release - August 2008

“Across the Capital, a growing number of Young Road Users involved in Road Accidents have Illegal Drugs in their system” RAC Foundation

Following extensive consultation with Road Safety Professionals London-wide, the London Accident Prevention Council is proud to present a brand new resource **Drugs and Young Road Users..... AVAILABLE NOW!!**

“1 in 10 School Age Youngsters have used an Illegal Drug”  
European Monitoring Centre for Drugs and Drug Addiction

This unique new leaflet, the first of its kind, has been specifically designed to provide parents and carers of young road users with an insight into the signs and effects of drug use.

“Four out of Five Non-Medical Deaths of 10-19 Year-Olds are in Road Accidents”  
Brake, the Road Safety charity

**Drugs and Young Road Users** can complement your advertising and educational campaigns by providing you with an informative means to help address this rising issue of concern.

“Young People are more Vulnerable to Serious Injury when under the influence of Illegal Drugs” Social Science Research Unit, Institute of Education

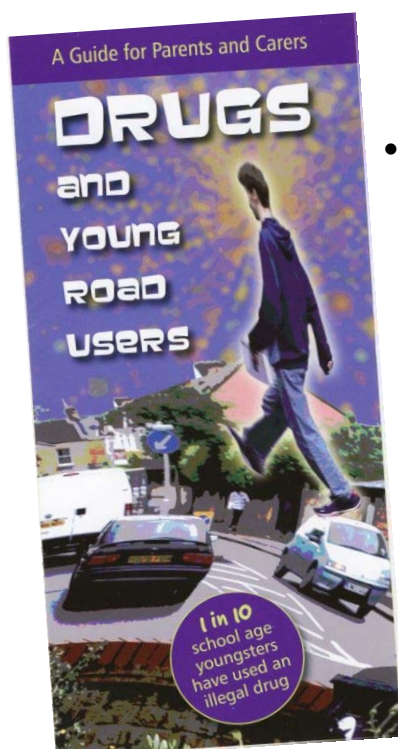

The cost per leaflet is 5p per copy (minimum order 250) plus p & p

To place an order for **Drugs and Young Road Users** please contact Carol Walker on [cewalker@btinternet.com](mailto:cewalker@btinternet.com) or call 01322 525 880
